Re Neil Minnaar

TO WHOM IT MAY CONCERN

I first met Neil Minnaar at Toastmasters in 2008 when I was asked to be his mentor. I discovered very quickly that Neil was a naturally gifted speaker. His ability to use his voice and body language as a tool was noticeable immediately.

I have had the pleasure of sharing a stage and listening to Neil on numerous occasions and can testify to his natural ability to engage with his audience because of his authenticity and sincerity. Neil speaks with great passion from personal experience. Neil changes lives and gives people hope. Over many years I have listened to many top speakers and I can honestly say without fear of contradiction that Neil is one of the best I have heard. Neil has one of those voices you never tire of listening to. Many strive to reach the heights that Neil has.
